

Special points of interest:

- Commissioner Election
- Water Patrol
- Whole Lake Treatment Options

The Board will be available to discuss/answer any issues not covered on the agenda after the conclusion of the meeting.

2021 Annual Meeting Agenda and Rules

2020 Meeting Minutes

Boating Regulations

2022 Annual Budget

Herbicide Report

Harvesting Report

Important Phone Numbers and Websites

Camp and Center Lakes Rehabilitation District

Annual Meeting

Saturday, August 21, 2021

9:00 a.m. to 11:00 a.m.

Salem Lakes Town Hall

9814 Antioch Road, Highway 83

Salem, WI 53168

Pursuant to Wis. St. Statute 65.90

Meeting Agenda

1. Call to Order
2. Pledge of Allegiance
3. Election of Commissioner
4. Treasurer's Report
5. Budget Hearing — Voting on Items Over \$10,000
6. Vote on Adoption of 2022 Budget
7. Approve Minutes from 2020 Annual Meeting
8. Water Patrol Report
9. Harvesting Report
10. Herbicide Report
11. Date for 2022 Annual Meeting
12. Adjournment

ID to Vote

All property owners and renters who are residents of the lake district. No more than two Non-resident property owners are eligible to vote per address. Proof of district residency must be shown upon entrance to the meeting by one of the following:

- Real estate tax bill,
- Driver's license,
- Telephone, gas or electric bill

Election

An election will be held at the Annual Meeting to fill the open Commissioner position..

Adam Knowles will be running for re-election. The CCLRD board supports and endorses Adam for this position.

Nominations will also be taken from the floor. Contact Doug Hughes for information.

Meeting Rules

In order to get through the agenda, meetings have to be conducted in an orderly fashion. The Board will follow Robert's Rules of Order. We have to limit the time anyone can comment or speak so that there are opportunities for all.

The Chairman has the duty to follow these rules so that the important items are addressed.

Please review the enclosed materials and note the areas where you have a question. For example, if you want an explanation of a particular item, please put it in your question so everyone can understand your concern.

When recognized, please clearly state your name and address first - then your question, so that the Secretary can record your concerns.

- Thank you!

2020 Annual Meeting Minutes

Our by-laws require consideration & approval of last year's minutes, they are attached to this notice. State statutes require a vote on the budget, which is also enclosed. The August 2020 minutes will help you understand where our money goes. Approval of the budget is required to remain in compliance with state law. Many projects are multi-year. You can follow our progress by reading the enclosed minutes.

Culvert Restoration & Clean-up

Before

After

Thanks Dan and Adam for making this improvement!

Shoreline Restoration Cost Share Program

By Doug Hughes

Enrollments in the shoreline cost share program are stable and there are several new participants.

Thanks for your continued support of this piece of the District's overall management.

Invasive Species

Per the DNR, Eurasian Watermilfoil can form large, floating mats of vegetation on the surface of water bodies, preventing light penetration for native aquatic plants and it impedes water traffic.

Boating Regulations

Boating on Camp Lake and Center Lake is subject to the Village of Salem Lakes ordinances and Chapter 30 of the Wisconsin State Statutes.

Highlights of those regulations are posted at every launch and briefly summarized as follows:

- **Camp Lake No Wake:** Sunset to 10:00 a.m.
- **Center Lake No Wake:** Sunset to 10:00 a.m.
- Avoid power launching.
- Picnicking, swimming, camping, fires are prohibited in launch areas.
- Waterskiing and tubing counterclockwise in traffic lanes only.
- Observe no-wake buoys at all times.
- It is recommended that all boaters wear PFDs at all times.
- No boating in designated swimming areas

Public Trust Doctrine

The Public Trust Doctrine is the basis for the legal rule that all navigable waters are "common highways and forever free." The owners of land on lakes and rivers are "riparian owners" who have some rights to the waters they border, such as the right to erect and use a private pier. However, the Wisconsin Supreme Court has ruled that, in general, the public's rights to use our lakes and rivers are primary and the riparian owners' rights are secondary. These rights include access.

"Slow No Wake"

The flags and website are updated regularly!

"Slow No Wake" Lake Status

LAKE OPEN

SLOW / NO WAKE

2022 Annual Budget

The Wisconsin State Statutes require a vote on the budget (copy enclosed), which will be presented by Charles Walker. The line items are categorized so that they are easy to understand.

Approval of the budget is required in order to remain in compliance with state law.

Herbicide Update

- By Tom Strachan

The 2021 herbicide treatment program has been successful on Camp and Center Lakes.

We weed-scouted the lakes in early April and discovered heavy weed cover on both lakes. Low water conditions throughout the year have contributed to the weed issues.

The lakes were professionally treated utilizing 2, 4-D and ProcellaCOR. Approximately 74.8 acres were treated on Camp Lake, which reaches

targeted whole-lake concentrations in about 24 hours. Approximately 15 acres were treated on Center Lake with ProcellaCOR, we will determine if this product has advantages vs. 2,4-D.

Other areas of Center Lake were treated with 2, 4-D.

All treatments were done with appropriate DNR permits and distributed by trained professionals.

Organizational Meeting

In accordance with state statute 33.29(3), the Board, immediately following each annual meeting, shall elect a Chairperson, Secretary and Treasurer.

Meeting Minutes
Camp and Center Lakes Rehabilitation District
2020 Annual Meeting
August 22, 2020

1. Call to order

Called to order at 9:00 AM by Commissioner Doug Hughes. Roll call: Commissioners Doug Hughes, Charles Walker, Dennis Faber, and Tom Strachan are present.

2. Pledge of Allegiance was recited.

3. Election of Commissioner

Charles Walker's term is expiring today. Charles said he is willing to continue as a Commissioner. No other candidates ran for the position. Motion to nominate Charles Walker by Shirley Boening, seconded by David Giza. Voice vote since no other candidates are running. Voice vote is unanimous, Charles re-elected to another three-year term.

4. Appointment of Commissioner

Doug Hughes has interviewed a couple of candidates to complete the term of the Commissioner that recently resigned. Since another person recently expressed interest, Doug will table the appointment until the next quarterly meeting.

5. Treasurer's report

Cash

Lapsable account	\$14,831	(Draw fund)
Non-lapsable account	172,410	(Capital Expenditures fund)
Checking account	149,246	(Operating account)
Total cash	<u>\$336,487</u>	

Income to date 2020

Taxes	\$130,543.03

Meeting Minutes
Camp and Center Lakes Rehabilitation District
2020 Annual Meeting
August 22, 2020

Expenditures are projected to be \$265,625; approximately \$45,000 for general government, balance is for herbicide harvesting, water program, etc. This is consistent with prior years (\$230K-\$260K in prior years). Changes in lake conditions, weather etc. cause fluctuations in many costs. Some revenue still owed to CCLRD this year, approximately \$53,500. Additional expenditures of approximately \$150,500 still to come in 2020. Estimated ending cash on hand in 2020 will be \$273,000.

CCLRD is a very small portion of landowner's property tax bills. Shirley Boening inquired about the current mill rate and property valuation. Commissioner Faber states the mill rate is 66.5 cents, total assessed value is \$276 million. There is a re-assessment next year.

6. Budget hearing and discussion

Charles Walker advised that some prior years had unexpended funds which roll forward and reduce tax required tax revenue in a future year. For 2018 tax revenue dropped from \$235,000 to \$228,000 (3%) because of unexpended funds. 2019 tax revenue dropped to \$184,000. Tax revenue for 2021 is \$235,000; a 28% increase but this is consistent with many previous years. 2020's end of year rollover will be much lower, estimated to be \$2,400. Projected expenses are \$255,225.

2021 Line items greater than \$10,000 that require for voting:

Insurance \$11,000. Motion to accept by Shirley Boening, seconded by Steve Randolph, voice vote is unanimous, motion carries.

Harvesting: Labor and management, \$32,500 slight reduction vs last year. Motion to accept by Tammy Carlson, seconded by David Giza, voice vote is unanimous, motion carries.

Herbicide treatment program, \$61,400. Motion to accept by Dean Hintzman, seconded by Steve Randolph, voice vote is unanimous, motion carries.

General lake service \$18,000 (general clean-up, all year long as needed) clearing culverts, tree problems, etc. Motion to accept by David Giza, seconded by Florence Malizola, voice vote is unanimous, motion carries.

50/50 cost share program for shoreline restoration, \$15,500. Projects to stabilize shorelines are considered; requires landowner to spend 50% and District approval. Motion to accept by Steve Randolph, seconded by Tammy Carlson, voice vote is unanimous, motion carries.

Overall revenue and expenditures

\$235,000 Tax revenue

\$255,625 Budgeted expenditures

Motion to accept by Michael Flaherty, seconded by David Giza, voice vote is unanimous, motion carries.

Meeting Minutes
Camp and Center Lakes Rehabilitation District
2020 Annual Meeting
August 22, 2020

7. Voting on complete 2021 Budget

Motion to accept by Steve Randolph, seconded by Shirley Boening, voice vote is unanimous, motion carries.

8. Review & Approval of 2019 annual meeting minutes

Minutes provided, no additional discussion. Motion to accept by Angela Strachan, seconded by Charles Walker, voice vote is unanimous, motion carries.

9. Water patrol update

Kent Waldo reports that the paperwork will be sent to DNR for reimbursement. Second full year of water patrol. Our water district pays \$24/hour to the officers and that's less than other districts pay (typically \$25 / \$26 per hour). Suggested we increase our rate to stay competitive and get officers.

Officers report few issues on the lakes, not too many complaints, three officers to cover both lakes. There has been one ticket for a registration issue. Tickets are handled through the court. Kent reminded citizens that if you see a non-emergency issue on the lake, get the registration ID of the boat, or the house address where the boat docks. The officers can contact later. Citizens should contact Doug Hughes. The water patrol's goal is safety and education, not issuance of citations.

10. Harvesting report

Dennis Faber states ten loads of weeds were harvested from Camp Lake in one day: a little EWM, coon tail and other species. There was an algae bloom two weeks ago, no problems noted. New conveyor working very well. The 1995 white truck's brakes were fixed, the 1989 yellow truck has a new clutch. Dennis noted that dampness in the storage building contributes to the brake's rust issues (limestone gravel floor in the building). Charlie noted that we could place rolled plastic material (ex: tarps) under the truck at the end of the season to prevent water vapor escaping from the gravel. Dennis mentioned that in the off-season we could potentially run the trucks a little more often to keep the mechanical systems from accumulating rust.

11. Herbicide report

Tom Strachan states herbicide program worked well. Dennis contacted Craig Helker, WI DNR Water Resources Management Specialist, we need a new Plan in two years. Craig noted that our program works for our lakes. We may need to utilize a different herbicide product because of potential EWM immunity developing, as occurred at Silver Lake. DNR is fearful that plants can build immunity.

Meeting Minutes
Camp and Center Lakes Rehabilitation District
2020 Annual Meeting
August 22, 2020

12. Date for 2021 annual meeting

Doug Hughes proposed the next annual meeting will be held on 8/21/2021. Motion to accept by Dennis Faber, seconded by Dean Hintzman, voice vote was unanimous, motion carries.

12a. Fish stocking update for 2020

Dennis states Travis Motl, DNR Fisheries Biologist for Kenosha, Racine and Walworth counties, is open to restocking this year. Travis recommends considering planting trees along shoreline to promote increased fish habitat when they fall in the lake. This is a long-term program, no action at this time. Keystone Hatcheries is our vendor for fish restocking; they will be able to provide walleye and perch again, in similar quantities to last year. Charlie Walker mentioned we have \$9,100 in the 2020 budget for this program. Dennis will continue discussing with Travis and will work on the appropriate permits, etc. as needed for restocking this October. Charlie reports that our beaver permit is approved, first priority is trapping near the spillway between the lakes because beavers can create serious water flow problems there. We will need a signed release from homeowners if trapping on their property.

Meeting adjourned by Doug Hughes at 10:05 AM

Upcoming meeting(s)

Fourth Quarter meeting – usually in November – date and location to be determined
Annual meeting, August 21, 2021 9:00 – 11:00, Village Hall, Village of Salem Lakes

– Minutes submitted by Tom Strachan, Secretary

2021 Harvesting Report

By Dennis Faber

So far, 2021 is the OPPOSITE the last few year's conditions. We are seeing low water (not flood water), and now have heavy Eurasian Milfoil growth. This season we have had no Slow No Wake restrictions either. What a difference vs. last year! We began harvesting in June (as usual). We harvest what is allowed in our DNR Aquatic Plant Management Plan prior to fish spawning. Early in the season we prioritize lake access points and cleaning channels to take advantage of somewhat higher water levels in these areas on both lakes. Unfortunately, this year many shallow channels don't have sufficient depth for our equipment.

On Camp Lake, we are harvesting in our DNR-approved area. At the south end we removed 14 harvester loads of Eurasian Milfoil (EWM) just in ONE DAY. For comparison, in 2018 our TOTAL loads in that area were just two; in 2019 and 2020 we had twenty-four and ten respectively for those seasons. On Center Lake, the area that traditionally has the highest population of EWM was treated with ProcellaCOR (mentioned in our Herbicide Update). Thus far it appears that the EWM harvest loads have diminished in that area. We will review our results at the end of the season.

Another invasive species, Curley Leaf Pondweed has noticeably increased in our harvest loads.

Be sure to check out our new website, especially our Aquatic Plant Management Plan to answer any harvesting questions.

www.cclrd.org has a new look!

CCLRD has completely revamped our website to make it easier to navigate as well as making it less formal and more inviting. We have included more information for you on the website as well as more pictures of ongoing & past projects. The history of our area has also been split up by years to allow for ease of use. Working contact forms are also new, making it easier to contact us based on your needs. Come check it out, and as always, let us know how we can continue to improve!
